

The Prez Sez

Greetings Bowhunters,

At last, some sunshine and warm temperatures to melt this snow. Seems like it has been a while since we have seen any of that kind of thing. I'm ready for it!!

The Colorado Big Game brochures are out. I'm sure everybody is studying on where and when to go and planning on some tags for the upcoming archery season. I know I am. Keep in mind, the application deadline is April 6th, 2010. Don't be late.

On February 20th, we had our second 3-D shoot of the year. It was a cold and snowy day but we still had some die-hards that braved the elements and came out for some shooting, lying, and brat and burger (hockey puck) eating. A good time was had by all.

Our next 3-D shoot will be March 20th. We will have our new Texas Grand Slam target on the course (designed by our own Dennis Hansen.) Come on out and bring a kid or two, your neighbor or friend, your

News from the Big Thompson Bowhunters *February 2010*

mom or brother and introduce them to a great sport and a great club. See you at the next shoot.

Keep in mind the upcoming calendar event:

3-D Shoot at the range, Saturday, March 20th, 2010...begins at 10:00 am. Lunch (hockey-puck on a bun) is included with your admittance.

Your fellow bowhunter,
Mike Fiscus

From the Secretary's Desk

BTB memberships are now calculated based on the actual date you joined (or renewed) the BTB rather than all the memberships being a January through December term.

Just as a heads-up, about a month prior to your membership renewing, you should receive either an email or notice in the mail that you are coming up for renewal on your BTB Membership. Please make sure you fill out an application even if you are renewing since we want to ensure we have the most up to date contact info for you. Thanks, in advance, for your membership and for supporting the club...it is greatly appreciated!

And of course...If you want to start getting the newsletter via email, just send me an email or give me a call.
